artimedia PRO Digital Marketing

Company Profile 2027

Your outsourced growth department.

SEO-led, design-driven growth for ambitious brands in Syria and the Gulf.

We take businesses to untrodden heights.

artiMedia Pro is a full-service digital marketing agency from Rural Damascus, Syria. We started in the Syrian market and now grow brands across Syria and the Gulf.

It all starts with A.

Our team

Our vision

Out of an idea, miracles are crafted. Lead Syria first, then the global market.

Our mission

Digital marketing from another perspective, with real respect for your time.

Growth stalls when nobody owns marketing.

No marketing owner

The product is strong, but no one runs design, social media and search as one plan.

Posting without a plan

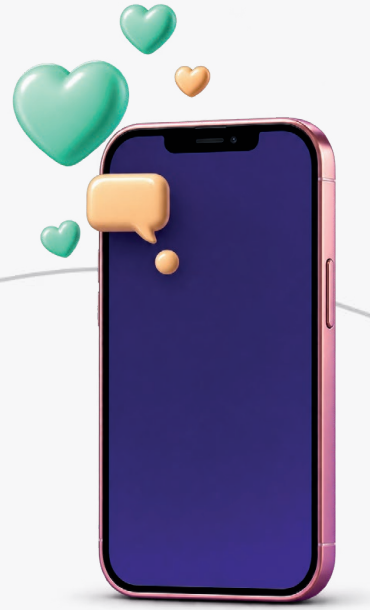

Pages stay active, yet followers rarely turn into enquiries and results go unmeasured.

Hard to find online

Customers search before they buy. Without SEO, even a strong business stays invisible.

A growth department you don’t have to hire.

One team covers strategy, SEO, design, content and ads, then reports on results every month.

Strategy

Goals, audience and a channel plan built around your market.

Foundation

Brand, website and SEO set up to be found and trusted.

Content

Designs, posts and reels published on a steady schedule.

Review

A monthly report on traffic, enquiries and next steps.

Four values we work by.

The 4Ts decide how we treat clients and each other.

T

Trust

The foundation of every client relationship we build and keep.

T

Transparency

Open with clients and within the team, so trust has room to grow.

T

Talent

Love, passion and expertise are what set our team apart.

T

Team Spirit

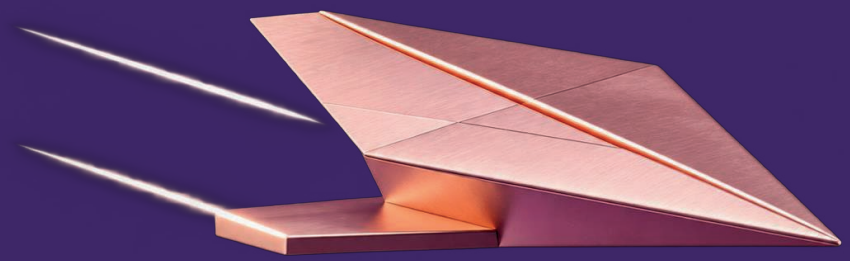

We learn, work and inspire each other toward shared goals.

Project

Brand Launch

For new businesses and rebrands.

Strategy, identity, social channels and an optional website, delivered as one project so your business looks ready from the first day it opens.

- Brand strategy
- Logo and visual identity
- Social media setup
- Website (optional)

Core · Monthly

Growth Partner

For businesses without an in-house marketing team.

Strategy, SEO, content, social media and ads planned as one system, reported every month, and handled by a team that answers you on WhatsApp.

- Marketing strategy
- SEO and GEO
- Content and social media
- CPC ads (optional)
- Account manager on WhatsApp
- Monthly performance review

Monthly or project

Creative Studio

For teams with a marketing manager and no production team.

Your marketer plans the campaign. We design the posts, animate the ads, cut the reels and film the videos, on brand and on deadline.

Audit

Growth Intelligence

SEO, GEO and AEO audits that show where growth is hiding.

Audits for Google and for AI assistants such as ChatGPT. Clear findings, ranked by impact, before you spend another dollar on marketing.

- SEO and technical audit
- GEO and AEO visibility
- Competitor analysis
- Keyword research
- Content strategy
- Analytics review
